LIMITED WARRANTY
Gas, Oil & Electric Furnaces and Air Conditioning A-Coils

PLEASE NOTE: This warranty gives you specific legal rights, and they may also have other rights, which vary from state to state.

Limited Replacement Warranty High Efficiency (85% AFUE) Gas Furnace Models 095V and GTHC Only:
Subject to the exceptions and limitations contained in this Limited Warranty, ECR International, Inc. ("ECR") warrants that the Heat Exchanger (as defined below) in High Efficiency (85% AFUE) Gas Furnace Models 095V and GTHC shall be free from defects in materials and workmanship, provided however, this Limited Warranty shall apply only to the original installation of the Furnace in a single-family dwelling unit, used without interruption by the Original Purchaser at this or her principal residence. Proof of purchase will be required. Replacements are subject to review and verification by an ECR representative. All models other than those listed above are excluded from this Limited Replacement Warranty.

Limited Lifetime Heat Exchanger Warranty (Oil & Gas Furnaces Only):
Subject to the exceptions and limitations contained in this Limited Warranty, ECR warrants from the date of original manufacture, to the Original Purchaser, during his or her lifetime, that the Heat Exchanger in oil and gas Furnaces, will be free from defects in materials and workmanship, provided however, this Limited Warranty shall apply only to the original installation of the Furnace in a single-family dwelling unit, used without interruption by the Original Purchaser at this or her principal residence.

Where the Furnace is installed in a premises other than the principal residence of the Original Purchaser, such as a multi-family dwelling, the Heat Exchanger will be warranted to be free from manufacturer's defects for a period of ten (10) years from the date of original installation.

In any case where "Proof of Original Ownership" cannot be provided, the Limited Lifetime Heat Exchanger warranty will be limited to ten (10) years from the date of original manufacture.

Furnaces - Five Year Parts Warranty - Residential Applications:
All ECR Furnaces with a manufacture date of July 1, 1999 or later will carry a 5-year parts only warranty. With this warranty, ECR warrants to the Original Purchaser that any component to the Furnace will be free from defects in materials and workmanship for a period of five (5) years from the date of original installation, except as provided in the Limited Replacement Warranty and Limited Lifetime Heat Exchanger Warranty, set forth above.

This 5-Year Parts Warranty shall not apply to normal maintenance items such as filters, fan belts, fuses or other consumable items. At no time does this 5-Year Parts Warranty cover labor for replacing such parts.

Furnaces - Non-Residential Installation:
When a Furnace is installed in an application other than a single-family dwelling, the unit will carry a one (1) year parts and a ten (10) year Limited Heat Exchanger Warranty. The Limited Heat Exchanger Warranty shall apply only to the original installation and is not transferable to another owner/property.

The 1-year warranty shall not apply to normal maintenance items, including but not limited to: belts, filters, fuses or other consumables. At no time does the 1-year parts warranty cover labor for replacing parts.

All ECR Air Conditioning A-Coils carry a 5-year parts warranty.

Exceptions to Warranty
This Limited Warranty does not cover:

- Shipping, labor or related material charges;
- Damages or defects that affect the physical appearance of the unit but do not affect the operational characteristics of the unit;
- Damages, defects or failures caused by faulty installation, misapplication, abuse, improper servicing, unauthorized alterations, improper operation or failure to comply with the specifications and recommendations of ECR set out in the installation or unit manuals provided by ECR;
- Damages, defects or failures caused by installation or servicing of the unit by an unlicensed installer or serviceman, including without limitation, damages caused by the misalignment of the burner or the refractory chamber during installation (Furnaces);
- Damages, defects or failures caused by installation that is not performed in compliance with all applicable federal, state and provincial laws or regulations;
- Damages, defects or failures caused by improper voltage conditions or the inadequacy or interruption of electrical services;
- Damages, defects or failures caused by accidents or negligent or unreasonable use or operation of the unit and its components, including without limitation, operation beyond rated capacity and operation of electrical components at voltage other than that specified on the rating plate;
- Damages, defects or failures caused by failure to protect a Furnace and its components against freezing;
- Damages, defects or failures caused by the use of parts not supplied or designated by ECR or by the use of any parts recommended by ECR for use in a unit that is not manufactured by ECR;
- Damages, defects or failures caused by a unit being operated in atmospheres contaminated by compounds of chlorine, halogenated hydrocarbons, or other damaging chemicals causing deterioration of components;
- Damages, defects or failures caused by conditioned air return air supplied to the Furnace being greater than 20% from out-of-doors (55°F minimum return air temperature);
- Damages, defects or failures caused by the Furnace being installed downstream from a cooling coil;
- Damages, defects or failures caused by operation of the unit in abnormal environmental conditions;
- Damages, defects or failures as a result of operating a condenser with and indoor unit or refrigerant control that does not meet ECR's specifications; or
