FOURNAISE À AIR CHAUD AU MAZOUT

Instructions destinées au propriétaire

AVERTISSEMENT
Danger d'incendie, d'explosion, d'asphyxie ou d'électrocution. Une mauvaise installation et un fonctionnement inadéquat pourraient entraîner la mort ou des blessures graves. Il est recommandé de lire ce manuel et de bien comprendre toutes les consignes avant de mettre la fournaise en marche.

AVERTISSEMENT
S'assurer qu'il n'y a aucun matériau combustible, essence et autre gaz ni liquides inflammables à proximité de la fournaise. Ne pas emplier, ne pas ranger d'articles ni en entourer la fournaise à une distance inférieure aux dégagements nécessaires par rapport aux matériaux combustibles. NE PAS obstruer les bouches d'aération de la pièce où se trouve la fournaise. Toute modification, tout remplacement ou toute élimination de composants installés en usine, fournis ou spécifiés peut entraîner des blessures ou même la mort. À L'INTENTION DU PROPRIÉTAIRE : L'Installation et l'entretien de cet appareil doivent être réalisés par un installateur qualifié. À L'INTENTION DE L'INSTALLATEUR : Toutes les directives doivent être conservées à proximité de l'appareil pour consultation ultérieure.

LIMITED WARRANTY
Gas, Oil & Electric Furnaces and Air Conditioners/A-C Units

PLEASE NOTE: This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Limited Recourse Warranty
High Efficiency Gas Furnaces 911HE and 911HS and 911HS Only
Subject to the exceptions and limitations contained in this Limited Recourse Warranty, ECR International, Inc. ("ECR") warrants that if the High Efficiency Gas Furnace Model 911HE and 911HS and 911HS Only are installed and operated in accordance with the instructions provided in the original installation and operation manual, the High Efficiency Gas Furnace Model 911HE and 911HS and 911HS Only shall be free from defects in materials and workmanship for a period of ten (10) years from the date of original installation. ECR will furnish a replacement of a comparable ECR Furnace (as defined below) to the Original Purchaser (as defined below). This Limited Recourse Warranty shall apply only to the original installation of the Furnace in a single family dwelling unit, used without intervention by the Original Purchaser at the or her primary residence. Proof of purchase will be required. Replacements are subject to review and verification by an ECR representative. All incidents other than those listed above are excluded from this Limited Recourse Warranty.

The Limited Lifetime Heat Exchanger Warranty and the remaining balance of the original Furnace's Five Year Parts Warranty for Residential Applications, as described below, will be transferred to the replacement unit.

Limited Lifetime Heat Exchanger Warranty (Oil & Gas Furnaces Only)
Subject to the exceptions and limitations contained in this Limited Warranty, ECR warrants from the date of original manufacture to the Original Purchaser, during the term of the Limited Lifetime Heat Exchanger in oil and gas Furnaces, will be free from defects in materials and workmanship, provided however, that the Limited Warranty shall apply only to the original installation of the Furnace in a single family dwelling unit, used without intervention by the Original Purchaser at the her principal residence.

When the Furnace is installed in a premises other than the principal residence of the Original Purchaser, such as a multi-family dwelling, the Heat Exchanger will be warranted to be free from manufacturer's defects for a period of ten (10) years from the date of original installation.

In any case where "Proof of Original Ownership" cannot be provided, the Limited Lifetime Heat Exchanger warranty will be limited to ten (10) years from the date of original manufacture.

Furnace Five Year Parts Warranty - Residential Applications
All ECR Furnaces with a manufacture date of July 1, 1999 or later will carry a five year parts warranty. With this warranty, ECR warrants to the Original Purchaser that any component in the Furnace will be free from defects in materials and workmanship for a period of five (5) years from the date of original installation, except as provided in the Limited Recourse Warranty and Limited Lifetime Heat Exchanger Warranty, and both above.

This 5-Year Parts Warranty shall not apply to normal maintenance items such as filters, fan belts, fuses or other consumable items, also to any other non-ECR Parts. Warranty claims are for replacement only.

Exclusions to Warranty
The Limited Warranty does not cover:
1. Electrical, water or related material damage.
2. Damage to areas that affect the general appearance of the unit.
3. Damage to areas that affect the operational characteristics of the unit.
4. Damage, defects or failures caused by faulty installation.
5. Damage, defects or failures caused by the use of non-ECR parts not included in the installation and operation manual.
6. Damage, defects or failures caused by installation or servicing of the unit by an unlicensed installer or serviceman, including without limitation, the use of non-ECR parts not included in the installation and operation manual.
7. Damage, defects or failures caused by improper voltage conditions or interruption of electrical services.
8. Damage, defects or failures caused by accidents or negligent or unreasonable use or operation of the unit and by components, including without limitation, installed beyond the scope of the original installation.
9. Damage, defects or failures caused by use of a component other than that specified on the rating plate.
10. Damage, defects or failures caused by use of a component other than that specified on the rating plate.
11. Damage, defects or failures caused by use of a component other than that specified on the rating plate.
12. Damage, defects or failures caused by use of a component other than that specified on the rating plate.
13. Damage, defects or failures caused by use of a component other than that specified on the rating plate.
14. Damage, defects or failures caused by use of a component other than that specified on the rating plate.
15. Damage, defects or failures caused by use of a component other than that specified on the rating plate.
