FOURNAISE À AIR CHAUD AU MAZOUT

Instructions destinées au propriétaire

AVERTISSEMENT
Danger d'incendie, d'explosion, d'asphyxie ou d'électrocution. Une mauvaise installation et un fonctionnement inadéquat pourraient entraîner la mort ou des blessures graves. Il est recommandé de lire ce manuel et de bien comprendre toutes les consignes avant de mettre la fournaise en marche.

AVERTISSEMENT
S'assurer qu'il n'y a aucun matériau combustible, essence et autre gaz ni liquides inflammables à proximité de la fournaise. Ne pas empiéter, ne pas ranger d'articles ni entourer la fournaise à une distance inférieure aux dégagements nécessaires par rapport aux autres combustibles. NE PAS obstruer les bouches d'aération de la pièce où se trouve la fournaise. Toute modification, tout remplacement ou toute élimination de composants installés en usine, fournis ou spécifiés peut entraîner des blessures ou même la mort.

L'ATTENTION DU PROPRIÉTAIRE :
L'installation et l'entretien de cet appareil doivent être réalisés par un installateur qualifié.

L'ATTENTION DE L'INSTALLATEUR : Toutes les directives doivent être conservées à proximité de l'appareil pour consultation ultérieure.

User's Information Manual 240006450F REV B [12/2012]

ecr LIMITED WARRANTY
Oil Furnaces and Air Conditioning Units

Please Note: This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

Limited Lifetime Heat Exchanger Warranty - Oil Furnaces Only
Subject to the exceptions and limitations contained in this Limited Lifetime ECR warranty from the date of original manufacturer's warranty, ECR warrants that the heat exchanger in all furnaces will be free from defects in materials and workmanship, provided however, this limited lifetime warranty applies only to the original installation of the furnace in a single-family unit, used without replacement by the Original Purchaser at his or her principal residence.

When the furnace is installed in a premises other than the principal residence of the Original Purchaser, such as a multi-family dwelling, this limited lifetime warranty shall be limited to the manufacturer's warranty for a period of ten (10) years from the date of original installation.

In any case where "Proof of Original Ownership" cannot be provided, the Limited Lifetime Heat Exchanger warranty will be limited to ten (10) years from the date of original manufacturer's warranty.

Furnace - Five Year Parts Warranty - Residential
All ECR Furnaces with a manufacture date of July 1, 1999 or later will carry a 5 year parts warranty. From this warranty, ECR warrants that any component of the furnace will be free from defects in materials and workmanship for a period of five (5) years from the date of original installation, provided however, this limited lifetime warranty applies only to the original installation of the furnace in a single-family unit, used without replacement by the Original Purchaser at his or her principal residence.

This 5 year parts warranty shall not apply to normal maintenance items such as filters, fan belts, fuses or other consumable items, all of which have their 5 year parts warranty cover floor for replacing such parts.

Furnace - Non-Residential Installation
When a furnace is installed in an application other than a single family dwelling, the unit will carry a one (1) year parts and a three (3) year Limited Lifetime Heat Exchanger Warranty. The Limited Lifetime Heat Exchanger Warranty will apply only to the original installation and is not transferable to another ownership.

The user warranty shall not apply to normal maintenance items including but not limited to: filters, fuses, belts or other consumables, all of which have their 5 year parts warranty cover floor for replacing such parts.

ECR Air Conditioning Units
This Limited Warranty does not cover:
1. Shipping, labor or related service charges;
2. Damages or defects that affect the physical appearance of the unit but do not affect the operational characteristics of the unit;
3. Damages, defects or failures caused by faulty installation, compressor, blower, improper servicing, unauthorized alterations, improper operation or failure to comply with the specifications and recommendations of ECR;
4. Damages, defects or failures caused by installation of the unit in a location not intended by ECR;
5. Damages, defects or failures caused by installation of the unit in a location not intended by ECR;
6. Damages, defects or failures caused by installation of the unit in a location not intended by ECR;
7. Damages, defects or failures caused by installation of the unit in a location not intended by ECR;
8. Damages, defects or failures caused by failure to protect a furnace and its components against freezing;
9. Damages, defects or failures caused by the use of parts not installed or designed by ECR or the use of any parts manufactured by ECR for use in units that are not manufactured by ECR;
10. Damages, defects or failures caused for a unit being operated in a refrigeration cycle by components of other than those specified in the manual;
11. Damages, defects or failures caused by conditioned air being ducted to a location other than that specified in the manual;
12. Damages, defects or failures caused by the furnace being installed in a location not intended by ECR;
13. Damages, defects or failures caused by operation of the unit in a location not intended by ECR;
14. Damages, defects or failures as a result of operating a condenser unit in a location not intended by ECR;
15. Damages, defects or failures as a result of installing or operating an ECR condenser unit in a location not intended by ECR;
16. Damages, defects or failures as a result of installing or operating an ECR condenser unit in a location not intended by ECR;
17. Damages, defects or failures as a result of installing or operating an ECR condenser unit in a location not intended by ECR.
