TERMS & CONDITIONS OF SALE - GENERAL TERMS

PRICES & SPECIFICATIONS: All pricing and specifications subject to change without notice. The prices herein supersede all prior quotations.

PAYMENT TERMS: Net 30 Days

ORDERS: Orders will be accepted on the basis of prices in effect at the time the order is received. No order or contract will become an obligation on our part until accepted by the General Sales Department. ECR International shall not be liable for any delay or failure in the delivery or shipment of goods due to any cause or causes beyond its control.

TAXES: Add to the prices and terms quoted any manufacturers' or sales tax payable on the transaction under any effective statute.

SHIPMENT

ARGO CONTROLS SHIPPING:

1) In Stock Control orders placed by 11am EST ship same day ground.

2) In Stock Control orders placed post 11am EST ship next day ground.

3) Control orders that are to be combined with other ECR equipment to make freight terms will ship when all product on the combined order is complete.

4) Orders requiring expedited shipping modes (Next Day Air, etc.) are available upon request.

ARGO ELECTRIC BOILERS SHIPPING:

1) Electric Boilers are shipped per the manufacturing lead time at the time of order, generally three (3) days from date of order receipt.

FREIGHT TERMS

1) Boilers - 12 units or more, single destination ship freight prepaid, less than 12 unit quantities ship at customer's expense.

2) Controls - \$2,000 or more, single destination ship freight prepaid, less than \$2,000 control values ship at customer's expense.

COMBINED ECR PRODUCT & BRAND SHIPMENTS

1) Authorized Distributors can combine Argo product with Airco, EMI, Dunkirk, Olsen, Pennco and Utica on one purchase order to make \$40,000 minimum value and earn free freight.

LESS THAN TRUCKLOAD SHIPMENT: F.O.B. ECR INTERNATIONAL - FACTORY OR WAREHOUSE ORDER INFORMATION CHECKLIST

SEE PAGE 6 FOR SERVICE PARTS

1) Purchase Order Number

2) Bill To Address

3) Ship To Address

4) Method of Shipment (i.e. - trailer load, UPS, etc.)

5) Requested Ship Date

6) Special Instructions (i.e. - "Carrier to call...")

7) Pricing

8) Product Description (i.e. - Model, Size, Series, etc.)

9) Fuel Characteristics (i.e. Oil, Natural Gas, Propane)

10) Electrical Characteristics (i.e. - Operating Voltage, Cycles, Phases, etc.)

11) Non-Standard Equipment (Indicate "Optional" when substituted for standard equipment at extra cost added to standard equipment).

12) Kits or Parts (Orders for kits or parts must indicate equipment size and series).

13) Send orders to:

E-Mail: ecrorderentry@ecrinternational.com Fax: 315-724-9319

14) Please note the following Remit To Address:

TERMS & CONDITIONS OF SALE - GENERAL TERMS CONTINUED U.S. DISTRIBUTOR - RETURN MATERIAL POLICY - EFFECTIVE 8/18/2014

To assist in providing the best service to our valued customers, ECR International has developed the following guidelines to help you in the unlikely event that you will need to return merchandise purchased from us. These guidelines have been developed after carefully reviewing common industry practice. We trust that you find them fair and easy to follow.

Prior Approval Required - All returns for exchange, credit, repair service or warranty claim must be approved by ECR and require an RMA number prior to return of the material. A request must be completed via ECR International's online web portal. Please log on to www.ecrcustomerportal.com (hyperlink below) to complete your request for return. If you do not already have access to the customer web portal please contact ECR Customer Service at 1-800-325-5479 to be set-up.

Eligibility - An RMA Request must be received within 60 days from the date of invoice for returns of New & Unused product in original packaging. A restocking fee of 15% will be charged for all new and unused returns that are approved for return. Special Order Products (items not offered as standard in ECR trade price book) are not eligible for return as new and unused product. Request for Warranty Returns must be made within the period covered by the warranty and must fall under the terms and conditions specified in the warranty.

<u>Repair Service</u> - Request for repair or rework of product damaged by customer is classified as Repair Service. Repair Service is billed at \$75.00 per hour for labor and net price for parts used in repair/rework. ECR's Return Material (RM) department will evaluate the items returned for repair service. The customer will receive an estimate for the dollar amount, determined by ECR's RM department, required to complete the repairs requested. A Purchase Order (PO) from the customer for that amount will be required before any work is performed.

<u>**RMA Expiration**</u> - Once the RMA number is issued, the product must be returned within 90 days of the RMA date, or the RMA will be canceled. Products approved for return that are received after 90 days from the RMA date will not be accepted.

<u>Shipping & Packaging</u> - All returns must have a valid RMA number clearly displayed on the exterior of the package or the package will not be accepted. All returns of new and unused product must be in the original packaging. All returns must be shipped prepaid by the customer unless otherwise directed by ECR as indicated on the RMA Verification. Ship all approved return material to the facility indicated on the approved RMA Request by the date indicated.

<u>Replacement Product</u> - If replacement product is desired it must be indicated on the RMA Request. A PO# is required for the replacement shipment and must be indicated on the RMA Request. All replacement products will be invoiced at the time of shipment. ECR will pay the ground freight for all warranty replacements.

<u>Application of Credit</u> - Credit for returned product will be applied to the customer's account (less restocking fees for New and Unused returns) only after confirmation of receipt by ECR and inspection of the product. Issuance of a credit for a partial return of product does not relieve the customer from the obligation to remit payment for the merchandise not returned in accordance with the payment terms referenced on the customer's invoice(s). Customer will have the option to have any product that is denied for credit returned at their expense.

*When ordering modular boilers, order both part numbers listed. You will receive 2 boilers allowing for SN tracking.

*Ratings are based on 240 operating voltage. Refer to IOM for reduced ratings based on 208 operating voltage. STANDARD EQUIPMENT:

Painted Steel Jacket, Mounting Brackets, Neon Indicator Lights, Safety Limit Control (High Limit - Fixed Temp), Gasket, Heating Element, Control Board, NTC Thermistor, Neutral Terminal Block, Ground Connection Lug, Relief Valve - 30 p.s.i., Temperature/Pressure Gauge, Cast Iron Heat Exchanger (2 or 4 Element), Control Panel Assembly(2 or 4 Element). Circuit Breaker 15A - 1 Pole, Element Circuit Breaker 40A - 2 Pole, and Load Center Assembly.
