New Product Release

ECR International is pleased to introduce the UML series Multiposition Oil Furnace. The UML is available with either a Beckett AFG or Riello burner, and can be installed upflow, downflow, horizontal left or right. There are four firing rates, 0.55, 0.65, 0.75, or 0.85 gph with AFUE efficiencies up to 87.5%. Other features include:

- * Dual pass heat exchanger with 18 ga. 409 Stainless Steel primary heat exchanger and 18 ga. Aluminized steel secondary heat exchanger. The heat exchanger is a direct fire design that doesn't require a refractory and also features a low pressure drop
- * Alternative nozzles supplied with furnace
- * PSC or ECM Variable Speed blower motor option
- * Select models are Energy Star
- * Electronic Fan timer
- * Only 42.75" high - great for short basements
- * Easy to clean
- * A/C Ready to 3-tons
