

Dear Valued Customer,

Effective February 15, 2023, ECR will be implementing a new trade price sheet. The industry continues to battle significant inflation entering 2023 and we have tried to minimize these increases for our customers. Price increases vary across product categories as noted below:

All Brands - Categories	Price Increase Percentages
Cast Iron Boilers - Gas	5%
Cast Iron Boilers - Oil	5%
Condensing Boilers - All SKUs	5%
Cast Iron Commercial	7%
Electric Boilers & Argo Controls - All SKUs	5%
H2O Indirect Water Heaters - SST - All SKUs	5%
H2O Indirect Water Heaters - Glass Lined - All SKUs	4%
Parts	5%

Please check the new list prices when distributed per electronic file. All finished goods and repair parts pricing will be loaded and available on your ECR Distributor Web Portal at <https://www.ecrcustomerportal.com>.

Should you have any questions regarding these changes please do not hesitate to contact your ECR Representative, Regional Sales Manager, or Customer Service Representative.

As always, ECR International is committed to providing quality products to you and appreciate your business and continued support.

Sincerely,

Bob Shea
Executive Director of Sales
ECR International
