

Utica Boilers SFE Steam Boiler Series IV to V

Utica Boilers will be implementing a remote style Low Water Cut-Off sensing probe on all SFE steam boilers. Please refer to Technical Bulletin number [UTB-052218](#) for more information.

This product enhancement will be a rolling change and is expected to take place in June 2018. The boiler series will change from SFE IV to SFE V.

The SKUs have been changed to reflect the transition from SFE IV to SFE V. The new SKU's and Trade Prices are on the following pages. Please be sure to download the most current version of the price book and trade price list by visiting the Customer Web Portal at <https://www.ecrcustomerportal.com/login.asp>.

If you have any questions, please contact Customer Service at 1-800-325-5479.

Thank you,

Karin Englert
Hydronic Product Manager
